KINGSVILLE.

Blackberries are unhurt so far. J. M. McCarty and the Messers. Walter are doing a close, saving business. Mrs. Eliza Rigney has lately opened a first-class grocery—only the best of everything.

Sebastian Chivolette bought Dan Hester's hotel and restaurant and is doing a thriving business.

Dan Hester, who bought Granville Baker's residence and is occupying it, has quit public life for good and is devoting his time to agriculture and live stock.

The report that Mr. Gabe Walter is soon to be married is positively untrue. The interesting event will not take place until after a democratic president is elected.

Because of the long-continued absence of your old reliable correspondent, it occurred to me that any old thing would do better than nothing, especially as such a mass of exciting events have accumulated in our stirring village.

After many and rapid changes in our celebrated hostelry, "The Pennybacker Hotel" is at present conducted by its late purchaser, Mr. John Hart, who knows how to cater to the public wants. Many new houses have gone up lately and old ones improved.

It is said we are to lose in the near future, our oldest merchant, Mr. W. L. McCarty, who, giving up commercial life, will retire to his farm near Stanford and will occupy his mind in agriculture and live stock. He desires, I presume, to get closer to nature. We dislike to lose Mr. McCarty, but it is sometimes said in more serious cases of separation, "Our loss is another's gain."

The spirit of western enterprise has lately flapped its wings over the farm of Dr. Thompson. Sixteen teams with plows could have been seen a day or two ago at work in his fields, turning to the sun the rich brown dirt that will soon be blossoming in German millet. How the doctor ever succeeded in collecting so many teams and the owners all his patrons, is yet an unsolved mystery.

OTTENHEIM.

Wm. Anderson is bucking staves for Terrell & Newell.

T. J. Terry killed a large rattlesnake near Potter's Spur.

Eld. A. J. Daugherty gave a short talk to the Sunday school at Pine Grove Sunday.

Jack Manuel has cut two bee trees in the last week but got very little honey either time.

R. G. Collier says he had a cow from which he sold over \$100 worth of butter, \$250 worth of calves and then sold her for what she cost him.

Rev. Bartlett did not fill his appointment at Sugar Grove, but Mr. W. T. B. White gave the congregation a very instructive talk that was a sermon in itself.

The committee appointed by the county court to locate the proposed county road, commencing at White & Davis' store and connecting the Chapel Gap pike, say it will be a fraction over three miles.

J. H. Boone and R. G. Jones, of Stanford, were out in the hills of this section last week, but as they had neither fishing rod nor gun we suppose they were prospecting for coal or gold or maybe digging ginseng.

LAND, STOCK, CROPS, ETC.

Sow and five pigs for sale. Gilbert Bruce, Junction City.

Ten fat 200-pound hogs for sale. E. H. Farmer, Stanford.

FOR SALE.—Three good milk cows. All fresh. John Steele Carpenter, Hustonville.

Lutes & Boone shipped a car-load of wool from McKinney to New York Saturday. This is the third load they have shipped there.

Thos. F. Baker, of Jessamine, owns a cow from which his wife has made a pound of butter per day for three years for 10 months in each year.

Estray calf, black Jersey, came to my place six weeks ago. Owner can get it by paying for its keep and this notice. G. W. Frye, Hustonville.

ESTRAY.—A three-year-old steer, red or nearly red, weighing 1,000 lbs. Left my place on the 18th. Will give liberal reward for his return. E. G. Bickley, Stanford.

Rheumatic Pains Relieved.

The prompt relief from the severe pains of sciatica and rheumatism which is afforded by Chamberlain's Pain Balm is alone worth many times its cost. Mr. Willard C. Vale, of Poughkeepsie, N. Y., writes: "I am troubled with rheumatism and neuralgia of the nerves and Chamberlain's Pain Balm gives relief quicker than any liniment I have ever used." For sale by W. N. Craig.

The production of oil during May in the Kentucky-Tennessee fields approximates nearly 90,000 barrels.

CHURCH MATTERS.

Rev. Cannon preached at Parlor Grove church Sunday to a good congregation.

The Presbyterian General Assembly (Northern) has selected Winona, Ind., as the next place of meeting.

Bishop Galloway, of Mississippi, has issued an appeal to the people of the State to help the fire sufferers of Yazoo City.

The Presbyterian General Assembly of the United States, has declared in favor of union with the Cumberland Presbyterians.

According to Rev. Dr. J. S. Lyons, the Southern Presbyterians favor federation rather than organic union with other branches of the church.

The Stanford Auxiliary to the C. W. B. M. will meet in the lecture room of the Christian church on Saturday afternoon, June 4th, at 2:30 o'clock.

The contract for building the new Mt. Vernon Baptist church, Woodford county, has been let to Contractor Corbin, of Lexington, for about \$9,000.

By a decisive majority the Episcopal diocesan convention of Missouri has declared against the use of the revised version of the Bible in the prescribed service of the church.

The Methodist General Conference at Los Angeles rejected the recommendation providing for a special department on temperance. The finances of the conference show a deficit of \$12,000. The money will be borrowed from the Book Concern.

Dr. Clarence B. Strance, of Salem, Va., closed a 10-day revival at Somerset which resulted in over 100 conversions. All the business houses, including the saloons, closed their doors daily for the afternoon services, and the deepest interest was felt in the services from the start.

HYOMEI'S SUCCESS IN STANFORD.

Cured many serious cases of catarrh. Penny will refund money if it fails.

No other medicine or treatment for catarrh has ever achieved such quick and remarkable success in Stanford as Hyomei.

The fact that Mr. Penny, when he first introduced Hyomei sold it under a positive guarantee to refund the money in case it did not cure contributed largely to its successful introduction. A guarantee from a firm like Penny gave people confidence at the start.

Those who obtained a Hyomei outfit found that the treatment did all that was claimed for it; that the first few breaths of Hyomei cleared the air passages and gave an exhilarating and invigorating effect. Its continued use freed the system from all catarrhal germs, soothed and healed the mucous membrane, and made a complete and lasting cure.

Compared with the dangerous stomach drugging that had been used heretofore in the treatment of catarrh, the balsamic air of Hyomei created a most favorable impression. And the medicine itself did even more than was claimed for it. In fact, to make a success, it was necessary that Hyomei should cure nearly every case of catarrh in which it was used, for every outfit was sold on a guarantee to refund the money in case it failed.

If it had not possessed unusual merit, an offer like this would have resulted in an enormous loss. But curing as it did, Hyomei soon gained an enviable reputation and made many friends who recommend it far and near. Its success here in Stanford has been remarkable, and Mr. Penny is still selling it on his personal guarantee to refund the money in case it does not give satisfaction.

MATRIMONIAL.

An Illinois man has just wedded his sweetheart whom he began to court 25 years ago, and upon whom he called, according to his memorandum, 2,600 times.

Douglas Brown, of Corbin, an L. & N. conductor, and Miss Lola Belle Roberts, of Gum Sulphur, were married at the home of the bride's parents last week. Rev. A. J. Pike, of Brodhead, officiated.

Miss Lou Ella Jarrett, daughter of John Jarrett, of Brodhead, and J. F. Cooper, of Livingston, were married Wednesday at the home of Mr. and Mrs. G. M. Ballard. The Rev. J. A. Sawyer, of London, officiated.—Mt. Vernon Signal.

Miss Willis Cecil Nield, the handsome daughter of Mr. and Mrs. Charles S. Nield, of Louisville, will be married June 8 to Shirley Everett Johnson. It will be a typical June wedding, with roses used in every available place in the bride's home, where the ceremony will be performed.

"Quite a clever little dog you have," said Mr. Staylate.

"Yes," replied Miss Patience, "he'll bring your hat and cane to you. Try him."—Philadelphia Ledger.

Elliott Kelley, Sr., cashier of the Central Bank of Lexington, is dead.

NEWS NOTES.

The International Tuberculosis Congress was formally opened in Copenhagen.

Archibald Montgomery, of De Koven, this State, was struck by lightning and killed.

The sawmill plant of Vansant, Kitchen & Co. was burned at Ashland, entailing a loss of \$50,000.

A pearl necklace given by Napoleon I to the Queen of Westphalia has just been sold in Paris for \$38,000.

Formal announcement is made by the Detroit Southern railroad of its inability to meet interest June 1.

As a result of the business depression in Wall Street, hundreds of clerks employed there have been dismissed.

The Hon. John G. Carlisle was awarded judgment for \$25,000 against Leon Barnes in New York for counsel fees.

Verona Fleener, under sentence of death for the murder of his wife, hanged himself in the jail at Morgantown.

The jury at Bedford, Ind., in the case of McDonald, charged with the murder of Miss Schafer, returned a verdict of not guilty.

Hugh Allred, a civil engineer, and A. Jensen, his assistant, were accidentally killed by electrocution at Elingham, Utah.

Dr. Henry Hughes Farmer, one of the most learned men in the State, is dead at his home in Henderson county at the age of 79 years.

Myrtle Lee was arrested by a Federal officer at Lexington, charged with the unlawful use of the mails in enticing young women to lead a life of shame.

In a decision rendered at Versailles Judge Cantrell held that the testimony of a mother-in-law in a divorce case must be corroborated by other witnesses.

After a two days' session at Lexington, the Kentucky Homeopathic Medical Society adjourned to meet next year in Louisville. Dr. G. S. Coon, of Louisville, was elected president.

When Miss Alice Roosevelt arrived at the Union Station in St. Louis a mob of 400 women broke through the gates in their eagerness to see the President's daughter and almost forced her under the wheels before she could enter her carriage.

In the election of the officers of the Kentucky Department of the Grand Army at Frankfort the line between the "Lily Whites" and Negro faction was clearly drawn. In an interview Past Commander J. W. Hammond states that disorganization is bound to follow Negro domination in the organization in this State. He also says that Grand Commander John C. Black was disgusted at seeing a reception tendered him at the Capital Hotel crowded with Negroes.

The latest reports from the Far East indicate that the Russian forces are retreating toward Port Arthur. The battle of Nanchuan Hill is said to have been one of the bloodiest in the history of modern warfare, and the Japanese paid heavily for their brilliant victory. Their official reports say that 3,500 of their men were killed or wounded, and they estimate the Russian loss at 2,000. The Japanese captured 70 guns, which is considered at St. Petersburg as a serious blow to Gen. Kuropatkin. The Japanese have captured the town of Nan Quan Ling. It is believed they will continue their movement toward Port Arthur with a view of attacking that place. No official information has been given out at St. Petersburg.

William S. Taylor, the fugitive ex-governor of Kentucky, was engaged to deliver the memorial address at Kokomo, but the outcry against him was so strong that the engagement was canceled and the G. A. R. told Mr. Taylor he wasn't wanted. That this man, charged with red handed murder in Kentucky and fleeing from justice, should be invited to address an audience of law-abiding citizens of Indiana, opens the old sore and freshens the humiliation under which the State suffers as long as the governor refuses to perform his duty under his oath and the constitution. Two years ago Taylor sought an engagement at Butler, De Kalb county, and was billed to speak at a county fair, but the people objected so strenuously he was warned not to come. Butler set the example and Kokomo followed it. If every community will do the same, Indiana soil will soon cease to be a refuge for fugitive assassins.—Fort Wayne, Ind., Journal-Gazette.

Cured His Mother of Rheumatism.

"My mother has been a sufferer for many years with rheumatism," says W. H. Howard, of Husband, Pa. "At times she was unable to move at all, while at all times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm; after a few applications she said it was the most wonderful pain reliever she had ever tried, in fact she is never without it now and is at all times able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with." For sale by W. N. Craig.

R. L. HUBBLE.

Candidate for State Senator in this district, composed of the counties of Lincoln, Boyle, Garrard and Casey, is a prominent farmer and mule dealer of this county and by his good business tact has accumulated a snug amount of this world's goods. Although a worker for the party for years, he never before sought political preferment and now that he wants office his friends are going to use their might and main to secure it for him. Mr. Hubble is 42 years old and has an interesting family of a wife, a son and daughter. His name is Robert Lee Hubble but his friends know him as "Took," a name given him by his old black horse. There are few, if any better democrats than Mr. Hubble, who is always in the thick of the fight against the common enemy—the republican party.

HIGHLAND.

Mrs. J. S. Young has been quite ill again. Mrs. Pauline Terry has been laid up for several days with a severe spell of rheumatism.

The family of C. M. Young was considerably shocked during the storm Monday afternoon when the lightning struck the telephone wires, shattering the phone and tearing up part of the floor and ceiling. Fortunately no one was hurt.

Quite a stir was created during services at the Christian church Saturday night when Burton Spire, the young man who was struck by a base ball bat last summer, fainted and fell to the floor as if dead. He was carried out doors and soon regained consciousness.

John Myers and family, who have been living in Nashville for some time, will return to Highland and live in Mr. H. P. Young's house on the corner near Mill street. Mrs. J. Y. Goodpaster left Monday to visit her brother near Mt. Sterling. Hiram Surber and baby and Miss Birdie Surber, of Indiana, were visiting the family of John Spire. Ira Cook, of Somerset, was here visiting his relatives. Willie Hendrix, of near Eubanks, was visiting the family of Jno. M. Long last week. Rev. G. H. Cannon and wife are visiting his mother in Bath county.

GOOD SPIRITS—Good spirits don't all come from Kentucky. Their main source is the liver—and all the fine spirits ever made in the Blue Grass State could not remedy a bad liver or the hundred and one ill effects it produces. You can't have good spirits and a bad liver at the same time. Your liver must be in fine condition if you would feel buoyant, happy and hopeful, bright of eye, light of step, vigorous and successful in your pursuits. You can put your liver in fine condition by using Green's August Flower—the greatest of all medicines for the liver and stomach and a certain cure for dyspepsia or indigestion. It has been a favorite household remedy for over 35 years. August Flower will make your liver healthy and active and thus insure you a liberal supply of "good spirits." Trial size, 25c; regular bottles, 75c. At all druggists.

Some "Hoss Sense."

Reasons why a tin roof, not a sheet iron, is the best roof made:

- 1st. It will last three times as long as the best shingle and will cost very little more.
 - 2nd. It will conduct lightning as good as any lightning rod, if the gutter is connected to a tile, with down spout.
 - 3rd. There is 50 per cent. less danger of fire and it will reduce the insurance enough to pay the difference between it and a cheap roof.
- See S. H. Aldridge, the tinner and plumber, that does the work. Phone No. 116.

WHILE we believe that Madison county democrats will instruct for Hon. Harvey Helm for Congress we are cognizant of the fight that is being made for Mr. Gilbert in that county. A good man and democrat, Mr. Jake Collins, whose son was given an appointment to Annapolis through Mr. Gilbert's influence wants to show his gratitude by having his county go for the Shelby county entry, which is all well and good. But when it comes to paying such debts, don't Madison county owe Lincoln something? We think she does. Since the writer came to Kentucky, some 25 years ago, Madison county men have been running for office and just that long Lincoln county democrats have been supporting them. McCreary for Congress a half dozen terms, then for U. S. Senator, John Chenault for auditor, etc. After all of this, does it not behoove Madison to return the compliment about now? We think it does. Which is the greater, a continuous support of a fourth of a century or a little appointment? Let the good democrats of Madison ask themselves this question before they vote for Mr. Gilbert over Mr. Helm. Let them consider well the justice of the thing before they turn Lincoln down for Shelby. No doubt Mr. Collins feels good toward Mr. Gilbert for what the latter has done for his boy, but is that any reason why Madison should go against its neighbor county of Lincoln which heretofore has been satisfied year after year with helping Madison county democrats into office? Is it the duty of the democrats of that county to do all in their power for Mr. Helm and we are firm in our belief that they are going to do it.

A VIRGINIA girl, engaged to three men, has settled the difficulty by marrying the man for whom she says she cares the least. Women are not only fickle things, but in many instances strange things. They, however, are good things under any and all circumstances.

The mighty son of the great king eagle. Eagle Bird as a show stallion has but few equals. He won the \$500 stake at Lexington, Ky., defeating some of the greatest horses that Kentucky has ever produced.

Eagle Bird as a sire of good colored, high finished horses, is not surpassed. His colts are in demand and are selling for high prices, either for business or breeding purposes. Will make the present season at the stable of his owner, two miles west of Stanford on the Shelby City pike at the low price of \$10 to insure a living colt. A LARGE crowd heard the Baccalaureate sermon of Stanford Female College at the Presbyterian church Sunday morning. Rev. Gilbert Glass preached a most excellent discourse and the music was fine. There were no services at the other churches and all of the pastors took part in the exercises.

IN addition to the liberal prizes offered by Manager E. B. Beazley in his contest here June 17, the Flowers Academy of Speech and Dramatic Arts, of Cincinnati, will give to the winner of the first prize a one-half scholarship for one year, equivalent to \$75; to the second a one-third scholarship and to the winner of the third prize a one-fourth scholarship.

COFFEY.—John V. Coffey, one of the best men in the West End, died of pneumonia at the home of his brother, Mr. Joseph Coffey, at Millidgeville, and was buried at his old home in Middleburg Friday after services by Rev. J. B. Ferrell. He was 51 years old and was never married. Messrs. W. A. Coffey, of McKinney, and J. K. Coffey, of Yosemite, are also brothers of the deceased.

ALLEN.—Mr. Benjamin Newton Allen, one of the oldest men in the county, died at the home of his son, Mr. D. C. Allen, near McKinney, Saturday afternoon, aged 89. Stomach trouble caused his taking away and he was ill but a few days. His wife died a number of years ago but four sons and several daughters are left to mourn a kind and indulgent father. The sons, besides the one named above, are Messrs. James W., John J. and Millard E. Allen, all splendid citizens of this county. Mr. Allen was a fine old gentleman, noted for his hospitality and good deeds and his death will carry sorrow to the hearts of many who admired him for his sterling qualities. Rev. T. H. Coleman preached his funeral at the Baptist church in Hustonville Sunday, after which his remains were laid to rest in the Hustonville cemetery in the presence of a large assemblage of friends.

RICHMOND ENTERS.—Miss Jennie Terrell, of Richmond, has entered the contest here. Miss Terrell is one of Madison's most popular girls.

It is more than probable that the bank proposition at McKinney will fall through. The impression prevails that the territory is too contracted for a successful banking institution at that place.

OLD PAPER.—Mrs. R. C. Warren has a copy of the Frankfort Commonwealth dated July 27, 1847. It gives an excellent description of the burial ceremonies at Frankfort of Col. Wm. R. McKee, an uncle of Mrs. Warren, Henry Clay, Jr., and other Kentucky soldiers who fell at Buena Vista, and publishes in full the oration of the day delivered by John C. Breckinridge. An immense assemblage was present and among them was the "Old Commoner." Gen. Zachary Taylor is boomed for the presidency and articles published to show the brand of his politics, about which there seems to have been some question. Much space is given to news from Mexico and many reasons urged for building the railroad from Frankfort to Louisville. A New York letter gives an account of a Chinese junk anchored there, a rare thing in those days. The sailors were anxious to see the town and the town was anxious to see the sailors, but the wearing apparel of the latter, or rather its scarcity, prevented the gratification of their wishes.

FORT SIMS is building a 10-room hotel at his famous spring near Mt. Salem. He hopes to have his building ready for guests by July 15 or Aug. 1. The Stanford doctors who have analyzed the water from this spring say it is very fine.

DROPPED DEAD.—Mr. Ducean Goodloe, a well-known Garrard county farmer, dropped dead at his home Sunday afternoon, aged about 65. The supposition is that he died of heart's disease. He was a gallant Confederate soldier and an exceedingly clever, kind-hearted man. A family survives him.

TWENTY-NINE young men and women took the examination for common school teachers here a few days ago. Of the number nine got first-class certificates, eight got second and one third. Eleven failed to pass. Of the seven colored teachers examined, only one got a first-class certificate, one a second-class and five failed.

SPECIAL AGENT M. D. HUGHES, of the Aetna Life Insurance Co., was here from Lancaster Saturday and settled in full the policy of \$6,000 on the life of the late Col. W. G. Welch held in that company. The settlement was made within exactly 25 days from the date of his death. The dividends on this policy amounted to \$981. The Aetna is one of the oldest and strongest companies in the United States and Mr. Hughes is thoroughly acquainted with every detail of its extensive business.

MCCORMACK.—Miss Irene McCormack, daughter of Mr. and Mrs. Emmett McCormack, of the West End, died after a protracted illness Friday afternoon and was buried in Hustonville cemetery Saturday morning. Rev. G. W. Mills prayed at the home and made an appropriate talk at the grave. Miss McCormack was 27 years old and had been in feeble health all her life. Her mother, who waited on her during her long illness, is very ill from loss of sleep and was unable to attend the burial. Much sympathy is felt for Mr. and Mrs. McCormack in the loss of their oldest child. The family asks us to thank the neighbors who were so kind to them during Miss Irene's illness.

THAT Carroll Reid had faith in The Picket, winner of the Brooklyn Handicap, is shown by the following taken from the Courier Journal: "All of Trainer Carroll Reid's friends advised him to get Middleton & Jungbluth to sell the colt, saying he was a 'dog,' a 'quitter' and in fact, everything that could describe a poor race horse. To all of these opinions Carroll Reid turned a deaf ear, and would answer: 'I have one of the greatest horses that ever looked through a bridle and I will prove it.' He never lost faith in the colt a minute. He broke him to the halter, he trained him from a baby and knew his every whim and notion, and all of the knocking from the best posted turfmen never affected Carroll Reid's faith in The Picket."
